School Report

Superintendent's Report

To the School Board and Citizens of Albany:

Miss Almee White has taught the Lord's Mill school this year. Miss White is a graduate of Plymouth Normal School and is doing excellent work. Thirteen different pupils have been enrolled during the year.

Miss Harriet Curren, school nurse, is in charge of health supervision and has made regular and frequent visits to the school. The number of defects found at the last regular examination are as follows:

Defective vision	2
Defective teeth	7
Diseased tonsils	2
Speech defects	2

The equalized valuation of Albany is \$209,777 and the amount of the \$5 tax to qualify for state aid is \$1,048.89. This amount plus the National Forest Reserve allotment is probably more than is required for school purposes. That being true, the district may vote to raise the required \$3.50 tax on assessed valuation, and in addition the statutory requirements which are the amount necessary for officers' salaries, expense of census, share of superintendent's salary (\$54.76), the per capita tax of \$40, and the requirement for high school tuition. The district, however, would not be eligible for state aid unless it raises \$1,048.89 for elementary school purposes.

Respectfully submitted,

JOHN H. FULLER.

School Treasurer's Report

CHARLES F. MOORE, Treasurer.
